“*"Say not in grief he is no more – but live in thankfulness that he was." Hebrew Proverb*

I never knew Jerry very well, but I know the love, caring, compassion and sense of being a part of a strong family he received from his parents, grandparents, aunts, uncles and siblings is something he has also passed down to his children and grandchildren.

I'm so sorry for your loss, you are all in my thoughts and prayers.

“ The family resemblance in his features is evident from both gene pools so no denying Brousseau/LeTourneau heritage. However, the best aspects are the ones not found in the photographs but in the heart. Jerry had the families’ heart from the beginning. He took the best parts of his parents and mixed it up with his sisters and brother to meld his hard-working, dedicated and caring soul into being. We remember the gatherings at the Brousseau farm that brought our extended family together and the spontaneous visits that popped up between uncles, aunts, nephew, niece and cousins in Cathro, Alpena, Mio and Ohio. Even though, the visits began more infrequent as each of our own families grew and time passed, it was easy to pick-up the conversation with him as if we were still sitting around the kitchen table as Jerry shared memories and showed deeply that his family was his heart. We pray God continues to embrace your hearts as He reveals His vision for your family. *My wife and I moved next door to Jerry 1 year ago. He was a very
good neighbor and a nice friendly guy. When he saw my truck in the
driveway during the week knowing I should be working he would call
and make sure i was ok. We wish we would have known him longer.
He will be missed. Our thoughts are with you all.*
