“ *I worked for and with Jim for several years at OC. He was a great guy to work with -- patient, helpful, and knowledgable -- all combined with a great sense of humor. He was a good friend and mentor. I learned a lot from him, not just about systems programming but also about life. My deepest sympathy goes to his family.##imported-begin##Gary Koehler##imported-end##*

“ I am so sorry to hear about Jim's passing and for your families loss. I worked with Jim when he started at BGSU when he, Don and I were the first system programmers all getting our feet wet. When we went our separte ways, I was fortunate enough to work with Jim again at Owens Corning. I always had a lot of respect for JIm and looked to him as a roll model. I can still see him sitting across the desk from me talking about music, families (and occasionally work) while he puffed on those green cigars that he sometimes enjoyed.##imported-begin##Ron McCamey
