“ I've know Keith for many years through my work with Coke and ISBT. He was always a positive influence. He had a great attitude despite all he was going through, and was a good Christian role model. I always enjoyed working with him. He will be missed for his wonderful personality as well as the contributions he made to the beverage industry through his knowledge and expertise. I know he loved his family and friends and his work. I am fortunate I knew Keith and pray for courage and strength for his family during their grief.

“ It is impossible to believe my friend of 30 years is gone. He was a great fighter of his disease. Keith was someone we all admired. He was a good athlete, always good for conversation, never disagreeable, caring of his friends and coworkers, patient, a never quit problem solver, and was always interested in what you had to say. We had a lot of fun working together and traveling together for work. Keith was a person of deep faith and would share it with you. He never lost his faith even when he had those difficult days of recovery. I am going to miss him. We are all missing our friend, our inspiration, and a really great guy. Rest in Peace.

I am so sorry to hear of Keith's passing. Met Keith through PTI when he came to Southeastern Container in NC. He was hard working, knowledgably and one of the funniest people I had ever met. He was just an all around nice guy. His personality would just draw you in and I loved being around him and talking to him. My thoughts and prayers are with his family and the people he worked with for so many years at PTI.
