“ Dear Sala Family,
I just wanted to send my condolences for your great loss. Although times such as this are very difficult may you find comfort in the love of family and many friends. I have also found much comfort in passages such as John 5:28,29 which speaks of the resurrection hope as well as Rev. 21:4 where God promises to do away with all the things that cause us suffering and pain including death forever. It is my sincere hope that these thoughts will bring you comfort as well. Once again I am so sorry for your loss..

“ Dear Sala Family,
I am so sorry to have read of your loss please accept my sincere condolences. Something that may bring your family comfort is what the Bible says at John 5:28,29 and Revelation 21:4. These verses talk about when God is going to bring about a resurrection and how he is going to get rid of all causes we have for suffering so that we can live in peace. Once again I am so sorry for your loss.

“ As an Eaton associate & friend of Bill in the 50's & 60's I remember him fondly. Our Toledo and UofM backgrounds were also a bond. Fun guy to work with at trade shows and elsewhere. Serious in his work, family was important. We learn too late what we have lost as work and the years move people apart.
You done well. Bill, even if you did go to Scott HS!###imported-begin##John A. Kinley jakinley@att.net###imported-end##

“ We knew and loved Bill in so many ways, and yet, reading his obituary, there was so much more. He was unassuming, steady as a rock, gregarious, a natural leader, the man who did what needed doing. (among other tasks he assumed, he was the Creekside "sewer plant" Council observer with Janet). He was a fellow U-M fan, a golfer from the ladies' tees with Lafe Fox and Bill Bradford and Bob (only once a year). We were all glad that he was part of our lives, and missed him when he moved back to Toledo. Now we can't even reach him by phone, but we know he's shining his light in a new place. What a great guy!###imported-begin##Bob and Janet Neary rdnjen@aol.com###imported-end##
